TRACT 32-22 – HARVEST REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

A. PRESCRIPTION:

1. Harvest Unit 1: Clearcut prescription with a residual basal of 24 sq. ft.
2. Harvest Unit 2: Clearcut prescription with a residual basal of 9 sq. ft.

B. HARVEST REQUIREMENTS:

1. Harvest Unit 1: Harvest all hardwood stems 2" and greater except leave all oak less than 12" dbh. Leave all conifer. Within 60 ft of Star Route leave all oak and maple.
2. Harvest Unit 2: Harvest all hardwood stems 4" and greater. Leave all purple painted oak and leave all conifer.

C. ACCESS AND ROADS:

1. Access is off echo valley road.
2. Decking of wood along town roads will not be allowed without permission from Bayfield County.

D. OTHER:

1. In 2018, oak wilt was officially confirmed in Bayfield County. Currently, this timber sale is located more than six miles away from the closest known infected tree. However, over the duration of this contract, additional infections could be discovered. If, over the duration of this contract, including extensions, oak wilt is officially confirmed within a six mile radius of this timber sale, as determined by the county, the following seasonal restriction will be applied: no harvesting operations will be allowed between April 15 (or as otherwise determined by the county) and July 15
2. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
3. Do not damage any survey monumentation.
